CONDITIONS OF SALE

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of the Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of the Scottish Shorthorn Breeders' Association, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a bull or heifer.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates' Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all faults otherwise, with the exception that if a bull has only one Testicle down, the Owner must make intimation to this effect in the Catalogue. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Company at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum*

per Annum and for the keep of, and any other expense incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Sale Roll.
- (b) If the option to re-test is given, the Purchaser may require the Single Intradermal Comparative Test for Tuberculosis. The Purchaser may also require the animal to be submitted to the Agglutination Test for Contagious Abortion at a laboratory approved by the Ministry of Agriculture, Fisheries, and Food, and if a test for Johne's Disease is required, it shall be the Complement Fixation Test for Johne's Disease to be carried out at the Weybridge Laboratory of the Ministry of Agriculture, Fisheries, and Food. Notice in writing of the intention of the Purchaser to carry out such tests must be given to the Auctioneers before, or immediately after, termination of the Sale.
- (c) The test shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be chosen by the Auctioneers.
- (d) The test or tests shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing and in the case of a test for Tuberculosis on an animal in an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food. The time for testing shall be limited to three weeks after Sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable, and provided that in the case of the Test for Tuberculosis, it shall only be carried out after an interval of not less than thirty days following any previous Test for Tuberculosis.
- (e) The declaration of the chosen Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the test, the Buyer shall have the right to require the Seller to re-purchase the animal at

the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.

(g) In any case where the option to test is exercised, the Auctioneers shall be entitled to retain the price until the result of the test is declared.

(h) The expense of any such test or tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within sixteen weeks from the date of the Sale, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within sixteen weeks of the Sale. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull or within sixteen weeks of the Sale, whichever is the earlier date.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females born after 1st August, 1955, must be certified to have passed the Agglutination Test for Contagious Abortion within three months of date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to an approved laboratory. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal

that is known to be infected with Contagious Abortion. The entry of any animal which has not passed the Agglutination Test but which has been vaccinated, can only be accepted providing that one of the following certificates (signed by a Veterinary Surgeon) is supplied:—

- (a) That the animal was inoculated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or
- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale, or
- (c) That the animal having been previously vaccinated in accordance with either (a) or (b) was re-vaccinated within three years of the previous vaccinations and not more than three years prior to date of Sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this Condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be established and made as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Shorthorn animal registered in Coates' Herd Book and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

REFERENCE TO SIRES

- (1) **CRICHTON BUZZARD** (17695), red roan, calved 1st January, 1959, bred by Mr. R. H. Watherston, Crichton Mains—sire, Tolquhon Bosco; dam, Crichton Red Butterfly by Calrossie Precision; g.-dam, Crichton Butterfly by Cruggleton Cargill; 3rd dam, Lucy Butterfly by Cruggleton Perfect.

Crichton Buzzard was supreme champion at Perth in 1960, where he was purchased for the Burnton, Kair, Morphie, and Glamis Herds for 3200 guineas. He is a bull of tremendous scale and substance. At two years old, in ordinary working condition, he weighed $15\frac{1}{4}$ cwts. Sons from his first crop of calves gained many prizes at Perth in 1962. His two sons from the Glamis Herd won 1st and 2nd prizes in their classes, and included one of the best pair of bulls, and two of the best group of three. After being used extensively in the four herds, Crichton Buzzard was exported to the U.S.A. in 1962 for a high figure.

- (2) **CALROSSIE DIADEM** (15657), red, calved 11th February, 1958, bred by Messrs. J. & D. P. MacGillivray, Calrossie—sire, Banchory Orangeman by Gallant Marshal; dam, Calrossie Ramona Ramsden by Calrossie Highland Piper by Calrossie Welcome.

Calrossie Diadem, the top-priced bull at Perth in 1959, was purchased for the Glamis Herd at 5200 guineas. He was 1st in his class and reserve junior champion. Calrossie Diadem developed into a big, rugged bull, with a good head, strong bone, and tremendous hindquarters. His sire, the good breeding Banchory Orangeman, carries two crosses of the famous Cruggleton Perfect, while his dam, Calrossie Ramona Ramsden, is one of the really outstanding cows at Calrossie. The breeding record of Calrossie Diadem in the Glamis Herd has been outstanding. At Perth in 1961, his calves included Glamis Trademark, the supreme champion, sold to Señor Elordy, Argentina, for 4800 guineas; the champion pair of bulls, and the reserve groups of three and five. He also sired the reserve champion female, sold for 820 guineas. At the October Sale in 1961, he sired the supreme champion, sold for 720 guineas. At Perth in February, 1962, he again sired the supreme champion, Glamis Benefactor, sold for 5800 guineas to Bapton, Denend, and Louada. This outstanding son was later supreme champion at the Royal Highland, Royal English, and Great Yorkshire Shows. Sons of Calrossie Diadem figured in the best pair of bulls, best group of three, and reserve group of five, in February, 1962, while two daughters sold for 620 guineas and 480 guineas. After being used extensively in the Glamis Herd, Calrossie Diadem has been sold for a high figure to Bilmar Farms, Michigan, U.S.A. His breeding record is far from being equalled by any other bull alive at the present time.

- (3) **CALROSSIE HIGHLAND MONARCH** (386899), red, calved 20th April, 1951, bred by Messrs. J. & D. P. MacGillivray, Calrossie—sire, Calrossie Welcome; dam, Calrossie Goldie Lass by Glastullich Fortress.

Calrossie Highland Monarch was purchased privately at Calrossie after he had been retained as a stock bull from the crop of calves that averaged £3665 10/- for thirteen at Perth in 1952. His sons include Glamis Grand Slam, sold for 5500 guineas; Glamis Newsreel, 3000 guineas; Glamis Gay Monarch, 2300 guineas; Glamis Double Dash, 2200 guineas; Glamis Gay Gordon, 1700 guineas; Glamis Rothes Knight, 1600 guineas; etc. Sons of Calrossie Highland Monarch won all the group prizes at Perth in 1955, as well as the reserve junior championship, and also the champion and reserve at Aberdeen. The daughters of Calrossie Highland Monarch are very favourably commented upon by breeders who have seen them. At the Bapton/Glamis Reduction Sale in October, 1957, nine of his daughters sold as follows:—1100 guineas, 1000 guineas, 1000 guineas, 820 guineas, 800 guineas, 600 guineas, 500 guineas, 450 guineas, and 380 guineas, thus averaging £775 16/-.

- (4) **UPPERMILL PERFECT** (11930)—sire, Westdrums Pablo; dam, Rosewood Rapture by Cruggleton Perfect.

Uppermill Perfect was supreme champion, one of the winning group, and one of the group which won The Farming News Trophy, at the Royal Highland Show at Aberdeen in 1959, and also reserve male champion and one of the winning group at the English Royal Show at Cambridge in 1960. His sire, Westdrums Pablo, cost 3000 guineas. His dam, Rosewood Rapture, was supreme champion at the English Royal Show at Cambridge in 1951.

- (5) **RICHWOOD RENOWN (P.)** (71), bred by Messrs. John T. Richardson & Sons, Indiana, U.S.A.—sire, Lynnwood Mainline (P.); dam by Lynnwood Destiny (P.).

Richwood Renown was 1st prize senior bull calf at the Chicago International in 1957, and was the highest-priced polled bull sold at auction in the U.S.A. during 1957 and 1958. He has proved to be a 100% dehorner, and is a first-class breeder of both males and females. His stock have gained many prizes, including a number of 1sts, when shown in horned competition at the leading north-east shows. One or two of his sons have been sold for export at substantial figures.

- (6) **BAPTON SILVER KING** (10033)—sire, Beaufort Commodore; dam, Polly Wimple.

Bapton Silver King, the great show bull, won his class four years in succession at the English Royal Show. He was male champion in 1960, supreme champion in 1961, and won other championships too numerous to mention. He was picked by the Beef Shorthorn Cattle Society to represent them at the Off the Grass Demonstration at Harrogate.

- (7) **COLDOCH MARKSMAN** (932)—sire, Coldoch Baronet (392959); dam, (335465) Beaufort Clara Belle 3rd.

Coldoch Marksman was purchased for the Dupplin Herd in February, 1955, for 1300 guineas, and bred very well at Dupplin. He sired Dupplin Encounter, sold to Mr. Ferguson, Wester Moy, for stock bull, at Perth in February, 1957, at 700 guineas, and he also had a very good showyard career, being supreme champion at the Angus Show in 1956; reserve supreme champion at the Crieff Show in 1956; supreme champion at Perth in 1956; reserve male champion at the Royal Highland Show in 1957; reserve supreme champion at the Great Yorkshire Show in 1957; and supreme champion at the Crieff Show in 1957.

- (8) **CALROSSIE DIADEM** (15657), red, calved 11th February, 1958, bred by Messrs. J. & D. P. MacGillivray, Calrossie—sire, Banchory Orangeman by Gallant Marshal; dam, Calrossie Ramona Ramsden by Calrossie Highland Piper by Calrossie Welcome.

Calrossie Diadem, the top-priced bull at Perth in 1959, was purchased for the Glamis Herd at 5200 guineas. He was 1st in his class and reserve junior champion. Calrossie Diadem has developed into a big, rugged bull, with a good head, strong bone, and tremendous hindquarters. His sire is the big, rugged, good breeding Banchory Orangeman, carrying two crosses of the famous Cruggleton Perfect, while his dam, Calrossie Ramona Ramsden, is one of the really outstanding cows at Calrossie.

- (9) **BEAUFORT COMMODORE** (396125), dark roan, calved 18th August, 1953—sire, Beaufort Bulldozer (381567); dam, (392833) Doris Blythesome.

Beaufort Commodore, a 5000-guineas bull by Beaufort Bulldozer, was used in the Beaufort Herd, and later sold at a very high price. Commodore won the junior championship at the Royal Highland Show at Dumfries in 1953, and was supreme champion at the Royal Highland Show at Inverness in 1956. Beaufort Bulldozer, by Cruggleton Pentland Firth, was sold for 5000 guineas to the U.S.A., where he has bred extremely well.

- (10) **ERIMUS FOKINE** (382649)—sire, Kirkton Challenger.

Erimus Fokine is one of the best sons of Kirkton Challenger. He is the sire of Chapelton Bright Fortune, sold for 3000 guineas; of Chapelton Bright Fashion, exported to Australia at £4500; and of Chapelton Criterion, sold in Australia at the record price of £8750.

- (11) **CHAPELTON CHIEFTAIN** (394064) was winner of the Calrossie Cup, the Cornwallis Maude Trophy, and, along with Chapelton Bright Flame, winner of the Bullrich Cup at the R.A.S.E. Show at Newcastle, in 1956. He is the sire of Chapelton Commando, 1st and reserve senior champion at Perth in 1957, and sold to Bapton for 5100 guineas; and also of Chapelton Clipper Chief, winner of the Calrossie Cup at the R.A.S.E. Show at Bristol in 1958.

- (12) CHAPELTON CLIPPER CHIEF (11418)—sire, Chapelton Chieftain by Cruggleton Balmoral.

Chapelton Clipper Chief was a 1st prize winner, won the junior championship, and was reserve for the male championship at the Royal Highland Show; and 1st prize winner, junior champion, and Calrossie Cup winner at the R.A.S.E. Show, in 1958. He is a full brother to the 5100-guineas Chapelton Commando, reserve senior champion at Perth in 1957.

- (13) GLAMIS GLENISLA (14169)—sire, Easterlovat Bernard; dam, Cluny Lady Broadhooks 20th.

Easterlovat Bernard is a son of Kirkton Justin. Cluny Lady Broadhooks 20th's sire and dam were joint winners of the Bullrich Cup (for the best pair of beef shorthorns bred by exhibitor) at the R.A.S.E. Show in 1953.

- (14) CALROSSIE FORTITUDE (9805), red, calved 15th September, 1956—sire, Calrossie Hyperbole (391674); dam, (392465) Calrossie Flossy Monica by Calrossie Welcome (368471); g.-dam, (318944) Calrossie Marie Floss by Kirkton Baronet (335904); 3rd dam, (262682) Calrossie Flossy Marjory by Lawton President Roosevelt (308482); 4th dam, (200026) Calrossie Flossy Margaret by Broommount Pipe-Major (275290); 5th dam, (179808) Calrossie Flossy Madge 2nd by Calrossie Control (255913).

Calrossie Fortitude was supreme champion at Perth in 1958, and purchased for 13,000 guineas. He is senior stock bull in the Ballathie Herd. His first year, 1959-60, was an outstanding one, and his first crop of bull calves made, including the two top prices of £7560 and £5250, the top average at the world-renowned Perth February Sales in 1960.
